#### Hendrik G. Milne Aballí Milne Kalil

Email: hmilne@aballi.com

Henk is a top international advocate with over 40 years of

experience in courts and arbitrations around the world. He is an English barrister and a Florida attorney, admitted to the bar of multiple federal courts across the U.S.A., including the Supreme Court of the United States, and has dozens of reported cases to his credit, many of them creating new law. Henk's focus is on international dispute resolution with a heavy emphasis on international corporate and trust cases, frauds, asset freezes, and recoveries. He routinely works with lawyers from around the world, often supervising multicountry cases. He currently heads an international legal team pursuing damages flowing from the multibillion-dollar financial collapse of the Brazilian oil company OGX. In that context his team has successfully obtained the world's first worldwide pre-judgment treble-damages freezing order in the Cayman Islands and related ex parte relief in The Bahamas and Panama. His international trust cases span the breadth of the common law world, with recent actions pending in the U.S., Israel, the British Virgin Islands and New Zealand.

#### **Tom Lowe QC** Wilberforce Chambers

Email: tlowe@wilberforce-cay.com

Tom has acted in numerous reported and high-profile cases

and cross-border disputes before a large variety of tribunals in a number of different jurisdictions. Much of his work stems from collapses of complex investment structures and from high-value crossborder private client disputes. He has developed a substantial offshore practice and is one of very few barristers who have had full and not merely ad hoc practising certificates in both the BVI and the Cayman Islands. Hence he has acted for a variety of different parties in hedge fund and banking disputes. The most recent edition of Chambers & Partners described Tom as "far and away one of the go-to silks when it comes to litigation in Bermuda and the Cayman Islands"; "he really gets a handle on the issues from the outset, and is very good on his feet".

Jack's recent experience includes: (a) acting as junior counsel in AHAB v Saad, one of the largest fraud cases ever litigated, involving a claim for around US\$9bn, a trial lasting over a year and the disclosure of over 5 million documents; (b) acting as junior counsel in Ritchie v Lancelot in claims at the centre of the massive US\$10bn Petters ponzi scheme; and (c) advising in relation to numerous trust, company and property matters.
